(Based on Twin occupancy)

Celtic Tours World Vacations is pleased to announce their 2010 "Springtime in Tuscany" program.

Tuscany enchants us today with because it holds a special link between traditions of the past and new traditions. For living proof, take a short walk from [Villa Casagrande](#), a wine producing villa constructed in 1392, which will serve as your host for five nights. You will leave behind the traffic and suddenly find yourself strolling down quiet lanes bounded by tall stone walls, cypress trees and creamy colored villas. You could be anywhere in Tuscany, and we dare you not to fantasize about living there. Your Villa is located in Figline Valdarno, a medieval village of the 12th century is located in the middle of the triangle made up of Siena, Arezzo and Florence. Enjoy local delicacies and the Tuscan lifestyle.
